Companies and individuals are invited to sponsor our charity motorbike rider for each Kilometre done and completed by Dr Andre on motorbike. Options: R1 per km, R2 per km or R5 per km completed by our PCA rider or straight once of donation of any amount of your choice.

Per km sponsors only pay after the charity ride is complete and when the total km’s driven are confirmed on return to the Pick n Pay in White river Square shopping centre.

In the event of the rider having an incident or is forced to abandon the charity drive, sponsors will only pay for actual kilometres done before abandoning the round-trip effort. A photo of the odometer will be taken in such an event at the place where the ride is abandoned.

In the event of a breakdown or accident where the rider is able to continue, he will swich motorbikes to complete the full distance. The 2 odometer readings will then be combined.

The odometer reading will be taken down by a nominated party and two witnesses at the start of the charity bike drive event and at the end of the charity drive and photos of the odometer will be taken on both occasions.

The route will travel around South Africa reaching the most Northern, Southern, Eastern and Western points of the Country accessible by road bike with a estimated distance of +7000 km.

Our rider for this Pediatric care Africa charity ride is Dr J. Andre Hattingh the Founder and Chairman of Pediatric care Africa on a Road King Harley Davidson.

Rider/s will be accompanied by an assistance vehicle towing a billboard trailer advertising the event.
